विषय:- एम0डी0/एम0एस0 (आयु0) बैच 2016-17 (प्रथम व्यवसायिक) के शोधार्थियों द्वारा प्रस्तुत सिनोप्सिस समीक्षा/प्रस्तुतीकरण हेतु बैठक के कार्यवृत्त के सम्बंध में।

महोदय/महोदया,

उपरोक्त विषयक अवगत कराना है कि एम0डी0/एम0एस0 (आयु0) बैच 2016-17 (प्रथम व्यवसायिक) के शोधार्थियों द्वारा प्रस्तुत सिनोप्सिस समीक्षा/प्रस्तुतीकरण हेतु बैठक का आयोजन विश्वविद्यालय के प्रशासनिक भवन में दिनांक 17.04.2017, 18.04.2017 एवं 19.04.2017 को कराया गया।

उक्त के क्रम में अनुसंधान समिति की बैठक का कार्यवृत्त निम्नलिखित निर्णय के साथ संलग्न कर अग्रिम कार्यवाही हेतु प्रेषित किया जा रहा है:-

1. जिन शोधार्थियों की सिनोप्सिस या तो प्रोविजनल स्वीकृत हुई है या जिनकी सिनोप्सिस में आंशिक संशोधन की आवश्यकता है उन कतिपय शोधार्थियों को 15 दिवसों के भीतर पुनः सिनोप्सिस की एक प्रति विश्वविद्यालय में आवश्यक रूप में जमा करानी होगा।
2. जिन कतिपय शोधार्थियों की सिनोप्सिस अनुसंधान समिति द्वारा स्वीकृत नहीं की गई है उन शोधार्थियों को समिति द्वारा सिनोप्सिस में सुधार हेतु एक अवसर प्रदान किया जा रहा है उन कतिपय शोधार्थियों को 15 दिवसों के भीतर पुनः सिनोप्सिस की एक प्रति विश्वविद्यालय में आवश्यक रूप में जमा करानी होगा। तथा उनकी सिनोप्सिस प्रस्तुतीकरण करने हेतु पृथक से एक बैठक का आयोजन किया जाएगा।
3. समस्त सम्बन्धित निदेशक/प्राचार्य/सुपरवाइजर/को-सुपरवाइजर से अपेक्षा की जाती है कि वे पुनः प्रेषित की जाने वाली सिनोप्सिस को भली-भांति जांच कर ही विश्वविद्यालय को अग्रसारित करें।

संलग्नक:- उपरोक्तानुसार

05/05/2017

Minutes of Research Degree Committee (2017)

Under the chairmanship of Dean, Uttarakhand Ayurved University, the Research Degree Committee (RDC) meetings were held on 17, 18 and 19 April 2017 at Uttarakhand Ayurved University, main campus, Dehradun for the evaluation of synopses of MD/MS (Ay) Batch 2016-19 (first year). During the aforesaid meeting, following members/ experts were present:-

1. Prof. S.K. Joshi, Dean and Director, UAU, Rishikul Campus, Haridwar	Chairman
2. Prof. Meena Ahuja, Director, UAU, Gurukul Campus, Haridwar	Member
3. Prof. R.B. Sati, Head, Dept. of Roga Nidana, UAU, Gurukul Campus, Haridwar	Member
4. Prof. A.K. Gupta, Dept. of Shalya Tantra, UAU, Rishikul Campus, Haridwar	Member
5. Prof. D.N. Sharma, Principal, Patanjali Bhartiya Ayurvedigyan Sansthan, Haridwar	Member
6. Prof. H.M. Chandola, Director-Hospital, Uttaranchal Ayurvedic College, Dehradun	Member
7. Prof. A.K. Jha, Principal, Himalayiya, Ayurvedic College and Hospital, Dehradun	Member
8. Prof. S.K. Tiwari, Banaras Hindu University, Varanasi, U.P.	Invited Expert
9. Prof. R.K. Tiwari, Govt. Ayurvedic College, Jhansi, U.P.	Invited Expert
10. Dr. D.K. Semwal, Dept of Phytochemistry, Uttarakhand Ayurved University	Member Secretary

The meeting was started with a detailed discussion on CCIM PG regulation, and all members unanimously agreed with following points.

1. There must be strictly followed CCIM norms for main supervisor and student ratio i.e. 03 students under Professor, 02 under Associate Professor and 01 under Assistant Professor. However, there is no such ratio or experience required for co-supervisor. In this regard, Campus Directors/ Principals are requested to forward the synopsis only after verifying the aforesaid ratio/ experience. Moreover, if the guide is not qualified as per CCIM norms in terms of teaching experience, Campus Director/ Principal strictly not to forward such synopses.
2. According to the recommendation of the Committee, it is mandatory to submit a progress report of the work after every six months.
3. There must be given statistical design in the thesis for the significance of the results. The help of statistician can be taken for this purpose.
4. Approval of Institutional Ethical Committee/ Institutional Animal Ethical committee is mandatory for clinical/ animal trials.
5. During the presentation, it has been found that many of the synopses were poorly prepared; the reflection of speciality in the title itself was completely missing. Hence, all the concerned supervisors must be careful about the title of the work which should be befitting with the speciality or department.
6. Non-clinical departments studying clinical trials must have one co-guide from clinical department to supervise and certify the clinical study in the thesis. The main supervisor will be responsible for such cases.
7. The name of the Departments to be written in the thesis or synopsis must be exactly as per CCIM.
8. The synopsis must contain complete thesis design and protocol to be followed. The botanical names of the plants must be updated as per "The Plant List" and must be provided with authority name, for example, the updated name for *Ocimum sanctum* L. is *Ocimum tenuiflorum* L.
9. In the case of candidate's name, there must be no prefix (i.e. Dr.) used in synopsis and thesis. Supervisors are advised to carefully check the name before sign the same.
10. It has come to the notice of the committee that a majority of students of Dravyaguna, Agada Tantra and Rasashastra from Rishikul Campus, Haridwar designed their study that will be carried out from one of the private labs situated at Jaipur. All the committee members critically discouraged this approach as there will be no proper supervision of such work; moreover, the contents of all these synopses are mimicking one another. Besides, students, their selves will not carry out this work but they will only send the samples to the lab. Such approaches are not benefitted to the students at any mean but it is a misuse of the student's money without learning any experiment/ technique. In this issue, the committee recommended that all these synopses must be redesigned/

(Dr D. K. Semwal)
Member Secretary - RDC

restructured by consulting Prof. S.K. Joshi, Dean and Director, Rishikul Campus, Haridwar, before resubmitting to the University.

11. The committee suggested removing ornamental co-supervisors from the synopsis. Only one co-supervisor should be added from the same department. The committee further added that all the faculty members should be involved in the research supervision whether he/she belongs to permanent or contract category. The contract faculty member, if he/she fulfils CCIM norms can become the main supervisor similar to permanent faculty.
12. It has been noticed that almost all the synopses having numerous typos and grammatical errors those must be carefully checked before submission. The similar guidelines must be followed in the theses too.
13. It is mandatory for all students to enclose a certificate with the thesis stating the name of the laboratory where from the Pharmacological/ Pharmacognostical/ Phytochemical/ Clinical studies were carried out, besides a declaration stating that the work done in the thesis is original and done by the student himself/ herself, and it has not been reproduced from elsewhere, must be enclosed with the thesis which must be duly signed by both Scholar and Supervisor.

The individual cases with comments/ suggestion of the committee are following;

S.No.	Name of student	Department	Decision	Comment/ Suggestion
Uttarakhand Ayurved University, Rishikul Campus, Haridwar				
1.	Sarita Yadav	Shalakya Tantra	Provisionally approved	Revise methodology – duration of the study, treatment period (15 days), assessment period (7 days) and follow-up (30 days), etc.
2.	Anupama Singh	Shalakya Tantra	Synopsis approved	No comments
3.	Anchal Pathak	Shalakya Tantra	Synopsis approved	No comments
4.	Kalpana Khanduri	Shalakya Tantra	Provisionally approved	Title must be revised as “Role of <i>Jivaniya Ghrita Snehana (Tarpana and Pana)</i> in <i>Shushkakshipaka</i> w.s.r. to dry eye syndrome”
5.	Manisha Yadav (Batch 2015-18)	Shalya Tantra	Synopsis approved	Suggested supervisor Prof. S.K. Joshi and Co-supervisor Dr. Jyoti Bohra
6.	Ram Agochar Bhatt	Shalya Tantra	Provisionally approved	Title must be revised as “A comparative clinical evaluation of <i>Guggulu-Apamarga Kshar Sutra</i> and <i>Guggulu-Kutaj Kshar sutra</i> in <i>bhagandara</i> ”
7.	Pankaj Thakur	Shalya Tantra	Synopsis approved	Department name must be written as per CCIM i.e. Shalya Tantra
8.	Sanjay Kumar Agri	Shalya Tantra	Provisionally approved	Title must be revised as “A comparative clinical study of <i>Suran Pindi</i> and <i>Haridradi Lepa</i> in <i>Arsha</i> w.s.r. to haemorrhoids”
9.	Neelam Sahu	Shalya Tantra	Provisionally approved	Revise methodology- the contents/ ingredients in the <i>Vednasthapan Mahakashaya</i> as per Ayurvedic texts.
10.	Shobha	Shalya Tantra	Provisionally approved	Title must be revised as “A clinical evaluation of <i>Karanjadighrita</i> and <i>Jalaukavacharana</i> in <i>Dushta Vrana</i> w.s.r. to non-specific ulcer”
11.	Asheesh Kandpal (Batch 2015-18)	Dravyaguna	Synopsis approved	A co-supervisor from phytochemical/ analytical/ microbiology laboratory/ centre/ institution must be added to verify the data of related studies.
12.	Safina Khatoon (Batch 2015-18)	Dravyaguna	Synopsis approved	A co-supervisor from phytochemical/ analytical/ microbiology laboratory/ centre/ institution must be added to verify the data of related studies. Complete plant name must be added to the title i.e. <i>Tridax procumbens</i> (L.) L.

(Dr D. K. Semwal)
Member Secretary - RDC

13.	Chityanand Tiwari	Dravyaguna	Provisionally approved	Title must be revised as “Ethnomedicinal study of selected medicinal plants of Kunjapuri hill w.s.r. to nighantus” Revise aim/ objectives as per title.
14.	Lakhan	Dravyaguna	Synopsis not approved	1. What is the novelty of the work? 2. Feasibility of the work is doubtful 3. Dose determination and toxicity studies are challenging (because the very high number of animals will be used for the study which is ethically wrong). 4. The work must be thoroughly revised by consulting Prof. S.K. Joshi, Dean and Director, UAU, Rishikul Campus, Haridwar. 5. Supervisors are requested to design the work in such a way so that at least 50% of the laboratory work can be carried out in UAU premises/ laboratories/ undertaking facilities.
15.	Meenakshi Pandey	Dravyaguna	Synopsis not approved	1. What is the novelty of the work? 2. Feasibility of the work is doubtful 3. Dose determination and toxicity studies are challenging (because the very high number of animals (around 150) will be used for the study which is ethically wrong). 4. The work must be thoroughly revised by consulting Prof. S.K. Joshi, Dean and Director, UAU, Rishikul Campus, Haridwar. 5. Supervisors are requested to design the work in such a way so that at least 50% of the laboratory work can be carried out in UAU premises/ laboratories/ undertaking facilities.
16.	Rakhi Nautiyal	Dravyaguna	Synopsis not approved	1. What is the novelty of the work? 2. Feasibility of the work is doubtful 3. Dose determination and toxicity studies are challenging (because the very high number of animals (around 150) will be used for the study which is ethically wrong). 4. The work must be thoroughly revised by consulting Prof. S.K. Joshi, Dean and Director, UAU, Rishikul Campus, Haridwar. 5. Supervisors are requested to design the work in such a way so that at least 50% of the laboratory work can be carried out in UAU premises/ laboratories/ undertaking facilities.
17.	Diksha Upreti	Kaumarbhritya	Revision required	The title must be revised on the basis of availability of the raw material to be used. The raw material mentioned in the synopsis is hardly available hence, it should be carefully revised. Revise whole contents in the synopsis as per new title.
18.	Inderjeet Kaur	Kaumarbhritya	Provisionally approved	Title must be revised as “Randomised controlled clinical trial of Shringyadi Churna in Tamak Swasa w.s.r. to childhood asthma”

(Dr D. K. Semwal)
Member Secretary - RDC

				Doses must be revised as given doses are too high for children.
19.	Vishal Gandhi	Kaumarbhritya	Synopsis approved	Grading parameters should be changed.
20.	Neelam Verma	Prasuti & Stri Roga	Synopsis approved	Insert "to" after w.s.r. in the title Remove prefix "Km." from the name of Scholar
21.	Swati Kimothi	Prasuti & Stri Roga	Provisionally approved	Title must be revised as "A comparative study on the effect of Uttar Basti and Matra Basti with Shatapaka Bala taila in yoni vyapad w.s.r. to uterine prolapse" Revise aim/ objectives as per title.
22.	Neeta Shelani	Prasuti & Stri Roga	Revision required	Title must be revised as "Clinical evaluation of the effect of <i>Shatpushpa Kalpa</i> in <i>Bandhyatva</i> w.s.r. to infertility" Revised methodology – duration of the study and dose must be carefully revised. The dose given in the synopsis is too high.
23.	Rini Bhardwaj	Prasuti & Stri Roga	Revision required	Title must be revised as "Clinical evaluation of the effect of <i>Uttara Basti</i> with <i>Kaashmari</i> and <i>Kutaja Kwath Siddha Ghrita</i> in Yonivyapada w.s.r. to spontaneous abortion" Revise aim/ objectives as per title Revise methodology accordingly
24.	Ramraj Singh	Rog Nidana	Synopsis approved	Aim/ objectives may be revised.
25.	Baishno Gupta	Rog Nidana	Provisionally approved	Title must be revised as "Clinico-pathological study of <i>Tamak Shwasa</i> and therapeutic evaluation of an Ayurvedic formulation in its management"
26.	Poonam Lata Bharti	Rog Nidana	Provisionally approved	Title must be revised as "Clinico-pathological study of <i>Pandu roga</i> w.s.r. to <i>Soalpraktoalpamedasko Nissarah Shithilendriya</i> . Revised aim/ objectives carefully.
27.	Jyotsna Awasthi	Rog Nidana	Synopsis approved	No comments
28.	Nidhi Soni	Roga Nidana	Provisionally approved	Title must be revised as "Evaluation of <i>Taila Bindu Mutra Pariksha</i> as a prognostic tool in <i>Mutra roga</i> (urinary disorders)" Revise aim/ objectives and methodology as per title.
29.	Mahendar Singh Bora	Rog Nidana	Provisionally approved	Title must be revised as "Aetiopathological study of <i>Medodushti</i> in dyslipidemia" Revise aim/ objectives as per title.
30.	Sunil Kumar Sharma (Batch 2015-18)	Kayachikitsa	Revision required	1. Title must be revised as "A comparative clinical study of <i>Pathadya Churna</i> and <i>Panchamrit Parpati</i> in <i>Grahani Roga</i> " 2. Methodology must be revised i.e. the patients of <i>Grahani roga</i> will be selected irrespective of <i>Dhoshik</i> predominance; patient examinations must be revised carefully.
31.	Ajit Kumar Singh	Kayachikitsa	Provisionally approved	Title must be revised as "A comparative clinical efficacy of <i>Bharangi Guda</i> and <i>Vasadi Kwath</i> in <i>Tamaka Shwasa</i> w.s.r. to bronchial asthma"
32.	Gulab Singh	Kayachikitsa	Provisionally	Title must be revised as "Clinical efficacy of

(Dr D. K. Semwal)
Member Secretary - RDC

			approved	<i>Dadruhar Malahar</i> in <i>Dadru</i> w.s.r. to dermatophytosis” 2. Correct university name as “Uttarakhand Ayurved University” 3. Revise assessment criteria
33.	Vishal Saxena	Kayachikitsa	Provisionally approved	1. Title must be revised as “Clinical efficacy of <i>Nishalauha vati</i> after <i>Virechana Karma</i> in <i>Pandu Roga</i> w.s.r. to iron deficiency anemia” 2. Parameters must be revised.
34.	Upasna	Kayachikitsa	Revision required	1. Title must be revised as “Clinical efficacy of an Ayurvedic formulation in <i>Vyana Bala Vaishamy</i> w.s.r. to essential hypertension” 2. Liver function test, kidney function test should be added in the methodology. 3. Only fasting sugar can be monitories.
35.	Ashish Kumar Tripathi	Rasashastra	Synopsis not approved	1. Methodology provided in the present work is not adequate to understand the plan of study. 2. The work must be thoroughly revised by consulting Prof. S.K. Joshi, Dean and Director, UAU, Rishikul Campus, Haridwar. 3. Supervisors are requested to design the work in such a way so that at least 50% of the laboratory work can be carried out in UAU premises/ laboratories/ undertaking facilities.
36.	Kavita Saini	Rasashastra	Synopsis not approved	1. Methodology provided in the present work is not adequate to understand the plan of study. 2. How to determine toxicity and doses 3. The work must be thoroughly revised by consulting Prof. S.K. Joshi, Dean and Director, UAU, Rishikul Campus, Haridwar. 4. Supervisors are requested to design the work in such a way so that at least 50% of the laboratory work can be carried out in UAU premises/ laboratories/ undertaking facilities.
37.	Suman Purohit	Rasashastra	Revision required	1. Recommended title “Preparation and comparative clinical efficacy of Ark Taila, Malahara and its cream on <i>Vicharchika</i> ” 2. Antimicrobial/ experimental studies should be removed. 3. Revised aim/ objectives and methodology accordingly.
38.	Pooja Rani	Rasashastra	Synopsis not approved	1. Feasibility of the work is doubtful; how to prepare animal models for hypothyroid? 3. The work must be thoroughly revised by consulting Prof. S.K. Joshi, Dean and Director, UAU, Rishikul Campus, Haridwar. 4. Supervisors are requested to design the work in such a way so that at least 50% of the laboratory work can be carried out in UAU premises/ laboratories/ undertaking facilities.
39.	Sani Mol Sunny	Rasashastra	Provisionally	1. Recommended title “A comparative clinical

(Dr D. K. Semwal)
Member Secretary - RDC

			approved	evaluation of the effect of freshly prepared <i>Gajalinda Kshara Gutika</i> and <i>Gajalinda Malahara</i> in <i>Switra</i> " 2. Aim/ objectives must be revised.
40.	Sanjeev Singh	Rasashastra	Synopsis not approved	1. What is the novelty of the work? 2. Feasibility of the work is doubtful 3. Dose determination and toxicity studies are challenging. 4. The work must be thoroughly revised by consulting Prof. S.K. Joshi, Dean and Director, UAU, Rishikul Campus, Haridwar. 5. Supervisors are requested to design the work in such a way so that at least 50% of the laboratory work can be carried out in UAU premises/ laboratories/ undertaking facilities.
41.	Nidhi Nimeshwari	Rasashastra	Synopsis not approved	1. What is the novelty of the work? 2. Feasibility of the work is doubtful 3. Dose determination and toxicity studies are challenging. 4. The work must be thoroughly revised by consulting Prof. S.K. Joshi, Dean and Director, UAU, Rishikul Campus, Haridwar. 5. Supervisors are requested to design the work in such a way so that at least 50% of the laboratory work can be carried out in UAU premises/ laboratories/ undertaking facilities.
42.	Romesh Kumar Jaiswal	Agad Tantra	Synopsis not approved	1. What is the novelty of the work? 2. Feasibility of the work is doubtful 3. Dose determination and toxicity studies are challenging. 4. The work must be thoroughly revised by consulting Prof. S.K. Joshi, Dean and Director, UAU, Rishikul Campus, Haridwar. 5. Supervisors are requested to design the work in such a way so that at least 50% of the laboratory work can be carried out in UAU premises/ laboratories/ undertaking facilities.
43.	Garima	Agad Tantra	Synopsis not approved	1. The study to be done is not clear as in today's' scenario, almost all the foods are pesticide-induced; hence, selection of the volunteers and their assessment is not possible. 2. The work must be thoroughly revised.
44.	Lincon Kumar Sethi	Agad Tantra	Synopsis not approved	1. What is the novelty of the work? 2. Feasibility of the work is doubtful 3. Dose determination and toxicity studies are not clear. 4. The work must be thoroughly revised by consulting Prof. S.K. Joshi, Dean and Director, UAU, Rishikul Campus, Haridwar. 5. Supervisors are requested to design the work in such a way so that at least 50% of the laboratory work can be carried out in UAU premises/ laboratories/

(Dr D. K. Semwal)
Member Secretary - RDC

				undertaking facilities.
45.	Ketan Mangwal	Agad Tantra	Provisionally approved	1. Title must be revised as “Clinical efficacy of Shirish (<i>Albizia lebbeck</i> (L.) Benth.) Kwath as <i>Vishaghna Dravya</i> in Amavata w.s.r. to rheumatoid arthritis” 2. A co-supervisor must belong to the clinical department to facilitate in clinical studies.
46.	Sweety	Agad Tantra	Synopsis not approved	1. Feasibility of the work is doubtful 2. Dose determination and toxicity studies are not clear. 3. The work must be thoroughly revised by consulting Prof. S.K. Joshi, Dean and Director, UAU, Rishikul Campus, Haridwar. 4. Supervisors are requested to design the work in such a way so that at least 50% of the laboratory work can be carried out in UAU premises/ laboratories/ undertaking facilities.
47.	Parul Chauhan	Agad Tantra	Provisionally approved	Title must be revised as “Effect of Amaltas (<i>Cassia fistula</i> L.) ash on water pollution – an analytical study”
48.	Deepak Verma	Sharir Rachana	Revision required	1. Novelty of the work is doubtful 2. Plan of study is not clear. 2. The work must be thoroughly revised by consulting supervisors.
49.	Ipsita Panda	Sharir Rachana	Provisionally approved	Title must be revised as “Anatomical study of <i>Greeva</i> w.s.r. to cervical spondylosis” Revise methodology.
50.	Sangeeta Dev	Sharir Rachana	Revision required	The work must be focused on anatomy, it must be carefully revised by consulting supervisors. Put specialisation as Sharir Rachana on the cover page of the synopsis. Both scholar and supervisor are equally responsible for typos.
51.	Mukesh Rani	Sharir Rachana	Revision required	1. The novelty of the work is doubtful 2. The work must be focused on anatomy; it must be carefully revised by consulting supervisors. 3. Put specialisation as Sharir Rachana on the cover page of the synopsis. Both scholar and supervisors are equally responsible for typos.
52.	Nishat Afzal	Sharir Rachana	Provisionally approved	The title must be revised as “A critical study on <i>Garbhashaya Griva</i> w.s.r. to histopathological changes in <i>Karnini Yonivyapad</i> (cervical erosion)” 2. Put specialisation as Sharir Rachana in the cover page of the synopsis. Both scholar and supervisors are equally responsible for typos.
53.	Shivani	Sharir Rachana	Synopsis not approved	1. The work is based on a survey of female anatomy with respect to the malnutrition which is usually done by the Govt. through various schemes; the data based on such schemes can be found on the website of Ministry of Health, Govt. of India. 2. The work must be revised by keeping in view the novelty of the work.

(Dr D. K. Semwal)
Member Secretary - RDC

54.	Priyanka Sharma	Panchakarma	Synopsis approved	Title may be revised as “Comparative evaluation of <i>Virechana Karma</i> and <i>Lekhan Basti</i> in metabolic syndrome”
55.	Lalita Sharma	Panchakarma	Synopsis approved	Title may be revised as “Comparative evaluation of <i>Virechana Karma</i> and <i>Jalaukavacharana</i> in acne vulgaris”
56.	Poonam	Panchakarma	Synopsis approved	Title may be revised as “Clinical efficacy of <i>Nasya Karma</i> in <i>Chittodvega</i> vis-à-vis generalised anxiety disorder”
57.	Priya Kutiyal	Panchakarma	Synopsis approved	No comments
58.	Rajesh Kumar Dharua	Panchakarma	Provisionally approved	Title must be revised as “Clinical evaluation of the effect of <i>Amrutadya Tail Matra Basti</i> in <i>Vatarakta</i> ” 2. Aim/ objectives must be given point to point rather than repeating the title of the synopsis.
Uttarakhand Ayurved University, Gurukul Campus, Haridwar				
1.	Kumari Seema	Shalya Tantra	Provisionally approved	Title must be revised as “A comparative clinical evaluation of the effect of <i>Jalaukavacharana</i> , <i>Marma chikitsa</i> and <i>Arka taila</i> in <i>Dusta Vrana</i> (non-healing wounds) ”
2.	Atul Badoni	Shalya Tantra	Synopsis approved	No comments
3.	Rashmi Joshi	Panchakarma	Revision required	1. Title must be revised as “A comparative evaluation of the effect of <i>Virechana karma</i> with <i>Aragvadhadi yoga</i> and <i>Gomutra haritaki</i> in hypothyroidism” 2. Change aim and objectives according to the title 3. Revise the doses up to acceptable limits as doses provided are too high.
4.	Bhanu Priya Kaushik	Panchakarma	Provisionally approved	The title must be revised as “Clinical evaluation of the effect of <i>Yashtyadi niruha vasti</i> in <i>Vatarakta</i> ”
5.	Maheshwar	Panchakarma	Provisionally approved	Title must be revised as “A comparative clinical study on the effect of <i>Niruha</i> and <i>Anuvasana vasti</i> in <i>Gridhrasi</i> ”
6.	Nidhi Jain	Kayachikitsa	Provisionally approved	Title must be revised as “A comparative clinical evaluation of the efficacy of <i>Shringyadi churna</i> and <i>Vasadi kwath</i> in <i>Tamak Shwasa</i> w.s.r. to bronchial asthma”
7.	Ritu Gothwal	Kayachikitsa	Provisionally approved	Title must be revised as “A comparative clinical assessment of the effect of <i>Amalakya Vleha</i> and <i>Nishaloha</i> in <i>Pandu roga</i> w.s.r. to iron deficiency anaemia”
8.	Parshant Minhas	Kayachikitsa	Revision required	1. Title must be revised as “Clinical evaluation of the effect of <i>Phalatrikadi Kwath</i> and <i>Madhumeha-har kalpit yoga</i> in <i>Madhumeha</i> (type 2 diabetes mellitus)” 2. Change raw materials as per texts. 3. Mention diet to be given in the methodology. 4. Include patient age 35-65Y 5. Symptomatic improvement must be observed in Methodology. 6. Remove prefix “Dr.” from scholars’ name
9.	Yashpal Singh	Kaumarbhritya	Provisionally	Title must be revised as “A comparative clinical study
